

Coronavirus in numbers at The Wellbridge Practice

Throughout the COVID-19 pandemic, despite the doors being closed the surgery has remained open and provided additional capacity to our patients through new digital consulting solutions.

We also worked over the bank holiday weekends and our clinicians have worked at local 'Hot Sites'.

We are reflecting on the last 5 months and wanted to share some of the data with our patients.

Data relates to the period 01/04/2020 – 31/08/2020, in respect of 6221 patients registered with The Wellbridge Practice
